All Sufferers Of Catarrh—

Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to liquid medicines can procure Peruna Tablets.

PATRIOTISM TO BE TAUGHT IN SCHOOLS.

Patriotism will be taught the people of the State at a State-wide campaign conducted during the last week in September. The campaign is the beginning of a patriotic educational campaign which is to last through the entire school term. Superintendent of Public Instruction Gilbert has sent letters to the school superintendents and teachers, urging them to co-operate to make the campaign a success. The superintendents are urged to insist upon the teachers emphasizing history and civics more this term than ever before in order to develop better understanding of the great benefits and privileges derived from living under a democratic form of government.

Superintendent Gilbert also suggests that the teachers and children be given one holiday during patriotic week in which to attend a patriotic rally.

We have not deviated from our fixed one-chassis-model policy.

But we have refined and developed the Maxwell.

The new compensating under-slung rear springs mean comfort for you and preservation of your car.

This is the type of spring used in the newest models of many of the highest priced cars.

The wheel base is six inches longer—the frame has been strengthened—the windshield sloped, the body lines made more graceful, and the body made roomier.

But the Maxwell price stands at a figure which still makes it "the world's greatest motor car value."
